

## DR. SALISA BINTI ABDUL RAHMAN

My research interest is on energy technology, specifically focusing research on innovative drivetrain and powertrain technologies of hybrid electric vehicle. My current research is on plug-in hybrid electric recreational boat includes driving cycle, simulation and modeling, energy management strategies, and optimization.

### Expertise Area

Main Field : Electrical and Electronic Engineering  
Sub Field : Energy Technology  
Specialization : Hybrid Electric Vehicles, Innovative Powertrain, Simulation and Modelling, Energy Management Strategy, Driving Cycles, Fuel Economy, Emissions, Optimization.

### Professional Membership

- Board of Engineers Malaysia

### Networking & Collaboration

- University of Technology Sydney, Australia

### Publication Reference

- Google Scholar Citations - A.R Salisa/ Salisa Abdul Rahman/ Abdul Rahman. S

Senior Lecturer  
(DS52)

PhD (UTS, Sydney),  
MSc, BSc (UTP)
